Price:	<b>Euros 255.000</b>		
Price comments:	<b>Untreatable</b>		

**Technical data:**

Displacement: **8200 kg**

**Materials:**

Hull: **Fiberglass**  
 Deck: **Fiberglass**  
 Deckhouse: **Fiberglass**  
 Superstructure: **Fiberglass**  
 Fuel tank: **Steel**  
 Water tank: **Steel**

**Electrical system:**

Voltage: **220 V**

**Generator:**

1x4 KW - Mase

**Full description**

The Fjord 40 Open has established itself since the beginning for its innovation and design, obtaining the prestigious recognition of "European Powerboat of the Year 2008" in Düsseldorf among 90 competing boats. The external design is the work of Patrick Banfield and Jim Wilshire of Allseas, while the interiors were designed by the Mark Tucker Design Unlimited studio.

The German shipyard has developed a high-performance, narrow and slender hull, capable of reaching a maximum speed of 44 knots, thanks to the propulsion of two Volvo D4-300 IPS diesel engines of 400 hp each. The integration of the revolutionary joystick control system facilitates maneuvers and allows easy landing in any port. The windshield of the dashboard, robust and characterized by large pillars, contributes to the safety and design of the unit.

The vessel, customized with numerous upgrades requested by the owner, offers large spaces and combines exceptional performance with superior handling and an impactful design.

**Interior description**

Master cabin with double berth with integrated chest of drawers and two bedside tables.

Cabinets, chests of drawers and sideboards with storage.

A sofa that converts into a double bed.
