Voltage: **220 V**

Full description

RIB FOR A COMFORTABLE, FAST AND STYLE CRUISE.

The great external habitability is made possible by a design that took into account the in-depth study on the dimensions of the deck: clear spaces, generous sunbathing areas, a large dining area and two side walkways protected by high walls to give passengers safety.

The PIRELLI 35 is the first model of a new line of products created to satisfy the most demanding customers by reconciling the needs of sport, comfort and design in a versatile boat suitable for both daily use and as a support boat, or alternatively for cruising short range.

Designed for those who want stable and safe navigation but also exciting and adrenaline-filled, PIRELLI 35 is a bold 11-metre RIB with double step hull. Its modern design is characterized by great attention to on-board accessories and various personalized elements.

A single environment characterized by a large double bed and a dressing table with a sink and retractable bathroom where aesthetic refinement is accompanied by practicality.

Interior description

- Open space with sink, toilet and shower
